

BLL examples of refresher courses dairy farming

Under the terms of BLL Dairy cattle, the farmer/farm manager must attend a refresher course on dairy farming at least 1x a year.

The theme of the course must be one of the following:

1. Hoof health
2. Pregnancy and calving
3. Rearing calves
4. Disbudding calves
5. Measuring animal welfare

Below are some examples of refresher courses that fulfil the requirements for themes.

These are just examples, and not an exhaustive list!

- a. [Hoof care– Dairy Training Centre](#)
- b. [Workshop Hoof Health- ULP](#)
- c. [Calving– Dairy Training Centre](#)
- d. Blueprint for calf rearing based on Vetvice – various providers
- e. Measuring animal welfare: [Cow Signals](#)
- f. Etc.
